# NH Energy Week

*Celebrating what works. Scaling what's next. Powering New Hampshire forward.*

## WHAT IS NH ENERGY WEEK?

NH Energy Week (NHEW) connects people with the knowledge, resources, and innovative solutions they need to make informed energy decisions - celebrating progress and empowering individuals and organizations to adopt practical, replicable approaches at home, at work, and in their communities.

The week is intentionally solutions-focused and nonpartisan, elevating local leadership and showcasing technologies, policies, and partnerships that strengthen New Hampshire's economy, resilience, and energy independence.

## ABOUT THE EVENT SERIES

NH Energy Week attracts an engaged audience of policymakers, municipal leaders, industry professionals, business owners, educators, students, and community members.

Through workshops, panels, networking events, educational programming, site tours, and community gatherings, NH Energy Week creates accessible entry points into complex energy topics - from electrification and grid modernization to workforce development, resilience, and innovation.

Hosted by a collaborative group of Organizing Partners: Clean Energy NH, Community Power Coalition of NH, NH Businesses for Social Responsibility, NH Community Development Finance Authority, Ski NH, and the Young Professionals in Energy.

## WHY SUPPORT?

Supporting NH Energy Week is an investment in New Hampshire's future. Sponsors receive meaningful visibility before, during, and after the week - positioning your organization as a leader in New Hampshire's evolving energy landscape.

Most importantly, your support helps strengthen the network of people and organizations working every day to build a more resilient, affordable, and innovative energy system for our state.

**NHEW sponsorships are designed to help you meet your marketing goals while aligning your company with the statewide energy initiative.** Want to contribute at a custom level? Let's talk - we're happy to work with you.

For sponsorship inquiries please reach out to CENH Deputy Director, Beth, at [beth@cleanenergynh.org](mailto:beth@cleanenergynh.org)
